**Other:** Adobe Products including Photoshop, InDesign, Illustrator, Figma and XD. MS Office 365, GitHub, Git

## EXPERIENCE

---

**Widerange Transportation Group:** Full Stack Developer

**May 2023 - Present**

- Manage and continuously enhance features of our ERP system using HTML, CSS, JavaScript, SQL and Ajax, resulting in reduced errors and higher productivity amongst employees.
- Developed an innovative inventory application for our warehouse, allowing employees to track in real time all incoming and outgoing items via our scanning application.
- Led the successful update of an outdated database relations application our logistics department used by cleaning through data, table rebuilding, and table relationship management on the backend side using MySQL, as well as built a brand new interface that was user friendly on multiple device types, resulting in improved functionality and efficiency.
- Set up development environments for testing ensuring software functionality and reliability through IIS (Internet Information Services).
- Created comprehensive documentation to transfer knowledge among team members.

**DANIMA Creative Group:** Web Developer/Designer

**April 2022 - April 2023**

- Built web applications/websites with HTML/CSS, PHP and JavaScript for clients where they could control the content through a CMS application.
- Developed modules for systems so users could create content in the backend.
- Built takeout menu system for clients where customers could order and pay for food online.
- Integrated payment gateways like Bambora and Paypal to the takeout menu system.
- Developed ticketing system software so customers can order tickets for events online as well as pay for it safely and securely.
- Created databases for clients to store data needed on websites.
- Developed forms for users to fill out and to send out proper emails to corresponding users with desired information from the form.
- Worked closely with manager and colleagues to diagnose troubleshoot problems.
- Worked alongside a designer to help design logos, mockups and marketing tools using Adobe products like InDesign, Photoshop and XD.

**Meridian Credit Union:** End User Computing Co-op

**May 2021 - December 2021**

## EDUCATION

---

**Niagara College - Computer Programming and Analysis  
With Honours**

**September 2018 - December 2021**
